

CYBER 
SAFE

Certificate

The Swiss Cybersecurity Label Association certifies that the organization named below has successfully met the requirements of the cyber-safe.ch Label:

Metalcolor SA

CH-1072 Forel

The organization has achieved the required level of security in terms of organizational measures, IT infrastructure and human skills.

The cyber-safe.ch label rewards organizations that have implemented responsible cybersecurity management. It is a sign of a proactive approach to IT risks and attests to the implementation of the concrete measures required by the Label.
